SULEMAN HAKEEM

CIVIL ENGINEER — SITE SUPERVISION & CONSTRUCTION EXECUTION

PROFILE

Civil Engineer with 4+ years of experience across highways, bridges, infrastructure and building projects. Skilled in site supervision, construction execution and QA/QC, with strong exposure to planning, progress tracking, drawing/BBS review and WIR documentation. Comfortable coordinating consultants, contractors and site teams, with solid safety awareness and a focus on quality, timely project delivery.

PROFESSIONAL EXPERIENCE

Site Engineer | Dasu Hydropower Project (KKH-02) Jan 2024 - Present

Client: WAPDA • Consultant: DHC • Contractor: China Gezhouba Group Company

- Supervise daily site works, ensuring execution per drawings, specs and schedule.
- Coordinate consultants, contractors and site teams; track progress, review drawings/BBS and manage WIRs and site documentation.

Site Engineer | Road Network Enhancement Mar 2023 - Sept 2023

Client: Government of KP • Consultant/Contractor: Peshawar Development Authority (PDA)

- Supervised road works (earthworks, subgrade, asphalt); monitored materials and workmanship for quality.
- Maintained site records/WIRs and ensured safety practices were followed.

Site Engineer | Command & Control Center, Rawalpindi Oct 2022 - Mar 2023

Client: C&W Department • Consultant: NESPAK • Contractor: DINSONS Contractors & Engineers

- Oversaw daily site work, structure and finishing activities against drawings and requirements.
- Checked materials/workmanship, reviewed drawings and handled routine WIRs and site records.

Trainee Engineer | Peshawar-Dara Adam Khel Rehab. (N-55) Aug 2021 - Sept 2021

Client/Contractor: National Highway Authority (NHA) • Consultant: M/S Dongil Engineering

- Assisted senior engineers on road works (earthwork, subgrade, asphalt) and survey/leveling.
- Supported quality checks, site documentation and safe working practices.

EDUCATION

BSc Civil Engineering — IQRA National University, Peshawar (2018 - 2022)

F.Sc (Pre-Engineering) — Edwardes College, Peshawar (2016 - 2018)

PROFESSIONAL SKILLS

- Strong leadership and team coordination skills.
- Excellent problem-solving and analytical abilities.
- Skilled in project planning and scheduling.
- Experienced in site supervision and WIR inspections.
- Effective communication and stakeholder coordination.
- Able to work efficiently under pressure and meet deadlines.
